These estimates are intended to be used as a rough guide to identify areas of potential need for services. “Met need” refers to need for publicly-funded family planning services met by the Family PACT Program only and does not include those women served by Medi-Cal or other programs. Estimates are not precise, especially when pertaining to regions of small population. Estimates for 20 counties are not reported, including Alpine, Amador, Calaveras, Colusa, Del Norte, Glenn, Inyo, Lake, Lassen, Mariposa, Modoc, Mono, Napa, Plumas, San Benito, Sierra, Siskiyou, Tehama, Trinity, and Tuolumne Counties. These counties are estimated to have fewer than 3,600 women in need of publicly-funded family planning services or are otherwise unreliable. Neither OFP nor UCSF accept responsibility for accuracy of these estimates.
